Welcome to the InterContinental Montréal!

The InterContinental Montréal was the first luxury hotel to take up residence in Old Montreal, which has since continued to develop. The hotel is conveniently connected to the Montréal Convention Center, two subway stations and the underground city. Located at the gateway of downtown and Old Montreal, steps away from the entertainment district, close to shops, restaurants and cultural activities, the InterContinental Montréal is the ideal location for those seeking to live an authentic experience.

HISTORY MEETS CONTEMPORARY DESIGN

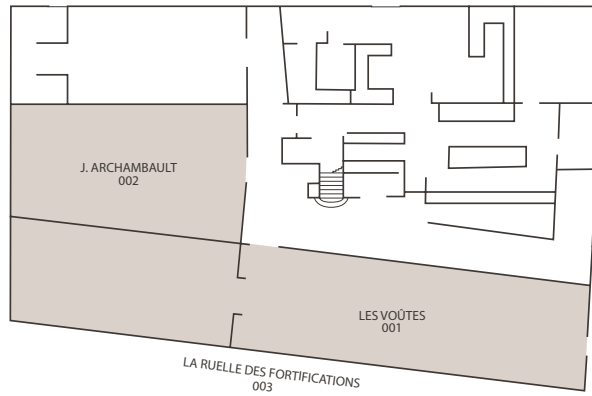

The InterContinental Montréal is an illustration of the perfect harmony between a rich historical heritage and the freshness of a contemporary design. Elegantly overlooking the center of the International District with its 26-storey tower, the hotel is located in the World Trade Centre Montréal.

Whether for a business trip or a travel adventure, our location is ideal. Offering stunning views over the city center, the 357 rooms of the hotel, including 23 suites, are luxuriously furnished and tastefully decorated, offering state-of-the-art technology. The Sarah B., an absinthe bar that brings the magical aura of the 'Green fairy' back to life, and **Oscó!** Restaurant, an elegant

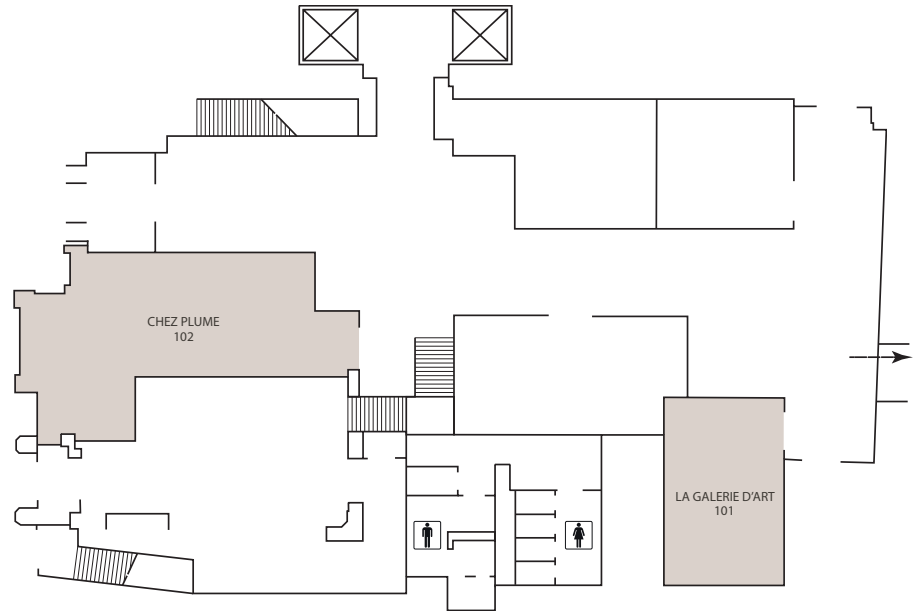

Provençal brasserie with a Provençal twist, will awaken your senses and enchant your taste buds. Take advantage of your stay at the InterContinental Montréal and enjoy a wide array of services ranging from the VIP surroundings of the InterContinental Club Lounge, to the indoor pool at the Health Club. Also, benefit from the advice of our Clefs d'Or Concierges for everything from restaurant reservations, to theatre tickets and tour arrangements. You will be seduced by the unique combination of Latin and North American passion that Montréal is known for.

The InterContinental Montréal has distinguished itself for over 30 years in the organization of seminars, conferences, business luncheons and corporate receptions, offering an experience that is both welcoming and inviting to its guests. The Nordheimer Conference Center is an architectural treasure. Rich in history and rebuilt after a devastating fire in 1886, the Neo-Victorian building was inaugurated in 1888 by the Nordheimer Bros., famed piano magnates of the A. & S. Nordheimer Company. The Nordheimer offers human-scale meeting spaces, evoking the elegance and atmosphere of a private club.

PERSONALIZED AND RESPONSIVE SERVICE

Are you organizing an event? Inspired by the unique atmosphere of a private club, our team places all of its expertise at your service in order to create a seamless experience with flawless logistics. The InterContinental Montréal's team focuses on every detail and offers packages that consider a range of needs, to ensure the success of your event. With these bases covered, you will be able to act quickly and with autonomy.

At all times, you will be in control of the physical and technological environment via the touch screen controls installed in each meeting room. You will also be in charge of your time and budget, through the permanent food stations. The entire event will be managed with professionalism and efficiency: timely confirmation of availability and usage of powerful technology, such as interactive room plans and virtual visits.

All of these elements simplify the planning process and allow us to guarantee a service of incomparable quality.
